

I know what you're all thinking: "I thought this was supposed to be a MONTHLY newsletter." Although, technically, the last one I sent was in April. But hang on, hang on. Please don't block our email address just yet. This is something I know you'll all want to hear about. **A Chip Off The Crock Creamery** is now officially **OPEN** for business! With Foothills Ice Cream in 18 incredible flavors, including 1 dairy-free sorbet and 1 no-sugar-added, we're sure there's something for absolutely everyone. There isn't a more appropriate place to house this old-fashioned ice-cream parlor than the old Gaety Theatre, reflecting all the history of the days-gone-by. Whether you're after an adventurous new flavor, your reliable favorite, or a good old-fashioned ice cream float, I know you'll leave with a smile! And better yet, we are open **7 days a week** from **Noon till 8pm. 4907 48 St.** Just around the corner from us in the old Pieces of the Past/Gaety Theatre building, downtown.

And as renovations of the **Old Time Furniture** portion of the new store continue, I'm sure more than a few of you have heard the rumors. Sandra..... has ordered..... a man! Don't worry, she hasn't killed Walter and stuffed him in one of the ice-cream freezers. Unbeknownst to Walter, she has sent away to Pennsylvania for the use of a Master Craftsman furniture builder to come and live/build for a couple weeks this summer. Sandra says his stuff is "Absolutely Incredible! Flippin' Amazing! There's nothing like it in all of Western Canada!" And you can bet she'll take full advantage of his services while he's here. "He'll be chained in the workshop like a caged monkey!" (just like Walter is). Sample pictures will be arriving any day, with the builder to follow shortly. Quantities will be limited so, be sure to come down often and be the first to check out what's on display and "hot on the market"(including the builder himself).

With the gardening season upon us, and the weather finally co-operating, our **garden accessories** are a must-see. Plant stakes of all varieties, from flowers and bugs to birdhouses, will add a unique touch to any garden. Our willow and fenceboard planters are just the thing to spruce up any area of your house, inside and out, with fresh plants and flowers. **And** due to the enormous response, we will be continuing the **basket planter sale**. Get 'em while they're cheap! There's no telling what great addition you'll find for your yard, including a variety of barnwood benches, and small picket fences – perfect for decorative edging!

So get your treat on, and come on down for all the fun, enjoyment, and/or gossip, you can handle.

-Sarah
